A DRAW.

The Fifteen Round Contest Between Wilson and Brooks

a Corker,

Neither Being Able to Win

Within the Specified

Time.

The fifteen-round glove contest at the Masonic Temple on last Tuesday night between Nat Wilson of this city and Warren Brooks, of Paris, was one of the prettiest ever seen here. From start to finish the boys seemed to be in earnest. Wilson was aggressor throughout the fight, and had it not been for the superior generalship of his antagonist might have won. Brooks showed fine judgment in all his leads, and it is evident that he has been through a thorough training course since his defeat by Wilson some time ago. Wilson also showed marked improvement making some beautiful cut-like glides to avoid punishment, and proving a hard target, upon which the Paris lad landed few bullet-like blows.

There were two preliminary bouts that afforded much amusement for the spectators and which put them in a good humor to enjoy the lively contest to follow.

The man, stripped to the waist, entered the ring at about 9:30 o'clock. Both were given an ovation by the 400 or 500 people present. After some parleying Richard Apperson was chosen referee. He stated that "it would be a fifteen-round contest, and if both men were on their feet at the end of that time it would be declared a draw. Sidney Johnson was time-keeper."

In the first round very little fighting was done as each man seemed to be waiting for the other to "open the ball."

In the second round Wilson went after the Paris beauty in a lively manner and landed several good ones in the region of his solar plexus. Wilson had by far the best of this round as he did of the succeeding ones up to the eleventh, when Brooks made it decidedly interesting for him, getting in some telling blows.

The twelfth round was uninteresting as both men seemed to be playing for wind.

In the thirteenth Brooks again made Nat step about quite lively to avoid his rushes and hard swings. This round was decidedly in Brooks' favor. At the close of the fifteenth Brooks landed a hard blow on Wilson which temporarily staggered him. It gave the Paris sports some ground to believe that had the contest been longer their man would have won. Wilson is not the man to be whipped, by one little staggering blow and had the fight been continued he would have in the end proved the victor.

Items of Interest.

Since the birth of Christ 3,000,000,000 men have been slain in battle.

A newly discovered spot on the sun, visible now, is said to be 30,000 miles in diameter.

Anthracite coal discovered at historic King's Mountain, N. C., shows an analysis of ninety-five per cent. carbon.

Twenty insurance companies which have heretofore never paid any license were forced to contribute \$8,000 to the city of Lexington.

The largest mass of pure rock salt in the world lies under the province of Gallia, Hungary. It is known to be 500 miles long, 30 broad and 250 feet in thickness.

At sixty-six years of age, a French-Canadian widow in Montreal has been obliged to have her oldest son, aged forty-two, the first of twenty-six children she has borne, arrested for abusing her.

The Cleveland Presbytery decided that ex-President Lincoln is not entitled to attend the Presbyterian General Assembly at Winona, Ind., this month, because he favored the sale of liquor at Princeton, Ind.

At Soules, in Gascony, a cross was discovered projecting above sand. Further investigation showed that it was attached to a steeple, and later a well preserved church of the thirteenth century was excavated. The church is now in use.

How to Find Out.

Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling indicates a diseased condition of the kidneys. When uric acid is present it is positive evidence of kidney trouble. Too frequent desire to urinate or pain in the back is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passage.

It corrects inability to hold urine, bad effects following use of liquor, wine, or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists, price fifty cents and one dollar. You may have sample bottle and pamphlet, both sent free by mail upon receipt of three two-cent stamps to cover cost of postage on the bottle. Mention the ADVOCATE and your full post-office address to Dr. Kilmer & Co., Binghamton, N. Y.

The proprietors of this paper guarantee the genuineness of this offer.

The Circus.

There was a large crowd in the city on last Wednesday, the attraction being Ringling Bros. big circus. The meet parade was the best ever seen here. The performance given at the new grounds on the Laves pike, in the afternoon and evening were strictly up-to-date in every particular. The performing elephants was the best part of the whole show and surpassed anything we have ever seen of the kind. This is the first trip of this celebrated show to the South and we are sure they will meet with the success they merit.

From a Methodist Preacher.

Clay City, Ind., Jan. 12, 1897. Peppin Spry Co., Monticello, Ill. Gentlemen—It affords me great pleasure to speak in praise of your most excellent medicine. I have suffered quite a great deal from sick headache, the result of sedentary habit and sluggish liver and bowels. Your remedy corrects these troubles and my headaches are stopped.

The Greatness of Goodness.

True greatness lies not in the wealth we possess, nor in the height we may have attained on the ladder of fame; neither is it in the power or influence we for a time exert, but rather in the meek and lowly spirit which the followers of Christ possess, and in their love for the souls of men, which prompts them to go down into the valley of sin, seeking the lost and cheering the broken-hearted by their tender sympathy. Christ said, "Whosoever will be great among you, let him be your minister." Oh, that we might all see the great need of more loving service to our fellow men, forgetful of self in our efforts to do good. We live too much for self; selfish interests and happiness occupy a great deal of our time that should be spent in relieving the woe of the world. Could we but look away from self and banish our cold, haughty pride and be filled with a divine yearning for the souls of men which would prompt us to action we would come nearer realizing our Savior's idea of true greatness.—F. M. Meranda.

Changes in the Revenue Bill.

The War Revenue Bill as reported to the House on the 26th contains three changes from the bill as originally drafted as follows: A discount of 5 per cent. on beer stamps is allowed after the passage of the act. Telephone messages are subject to a tax of one cent on messages transmitted thirty miles or more, the cost of which does not exceed twenty-five cents, between twenty-five cents and \$1.50, two cents; between \$1.50 and \$5, five cents; in excess of \$5, ten cents. Official telephonic and telegraphic messages of the Government are exempt from taxation. The differential of one-half a cent on mineral waters and beverages, domestic or imported, not otherwise subject to internal taxation in half-pint bottles is eliminated, so that the dividing line is pints, bottles containing one pint or less to pay one cent, more than one pint two cents.

At the recent term of Fayette Circuit Court twenty persons were sent to the penitentiary for terms ranging from one to sixteen years.

Kentucky's Quota Reduced Over Five Hundred Men.

Gov. Bradley has received official instructions from Washington that Kentucky is to furnish 3,246 men, instead of 3,800 as has been stated.

This changes the whole plan of organization. Infantry companies will be composed of 84 men, as follows: Fifty-four privates, one wagoner, one artificer, two musicians, 12 corporals, four sergeants, one quartermaster sergeant, one first sergeant, two lieutenants and captain, making 84, instead 103.

The cavalry will be composed of 59 privates, one wagoner, one saddler, two trumpeters, two farriers and blacksmiths, eight corporals, six sergeants, one quartermaster, one first sergeant, two lieutenants and captain, making 86.

Regiments will consist of 1,068 privates and 18 officers, making 3,078 infantry and 168 in two troops of cavalry.

WAR PRESIDENTS

OF THE UNITED STATES.

William McKinley is the Fourth—

Short Sketches of Famous

Men.

Since the time when, by the adoption of the Constitution, the confederated States became a Nation, the United States have fought three wars, the present war being the fourth. Then President McKinley becomes the fourth "War President" of the United States.

Our first "War President" was Jas. Madison, that little Jim Madison with a cue not bigger than a pipe stem, as the dignified Washington barber referred to him and wondered what the country was coming to when the Nation would pass by big, portly men with eyes as big as a rope and powdered every day, to elect such a little shaver President. Aaron Burr called him the great little Madison.

The war of 1812 against Great Britain to force neutral rights of the United States, was forced upon Madison by Clay, Calhoun and Crawford, much against his judgment and will. Nevertheless the Federalists, who were opposed to the war dubbed it Madison's war.

The next war of the United States was the Mexican war. The President of the war time was James K. Polk, the "little", elegant, graceful Tennesseean, member of Congress for 14 years, speaker for six years and ex-Governor of his State. That was not only and even bitterly opposed by the Whigs and Abolitionists, was called "Polk's war." Rightly, I say, for President Polk and his administration, following the advice of ex-President Jackson, brought it on against the original wish and judgment of Congress.

The third war was that for the Union. Its President was the tall, gaunt, ungainly, but so original and natural Lincoln, the tallest man that ever was chosen President, and the most nobly eloquent.

Our fourth war, now just beginning, finds in the Presidency William McKinley, short, of middle weight, grave, studious of the small proprieties.

Our war Presidents have been children, old Abraham Lincoln. All have been lawyers. All have been members of Congress.

Madison was a Princeton graduate and Polk a graduate from the University of North Carolina. Neither Lincoln nor McKinley had a college education.

Madison was an Episcopalian, and when young studied for the ministry. Polk, when on his death bed, was baptized and joined the Presbyterian Church. Lincoln was a Methodist as is McKinley.

In politics Madison was a Jeffersonian Republican (Democrat). Polk a Jacksonian Democrat. Lincoln and McKinley Republicans.

Madison died in a good old age. Polk died within three months of leaving the Whitehouse, and when only 54. Lincoln was assassinated early in his second term at the early age of 56.

All four were between 50 and 60 years of age when inaugurated. The wives of all three of the earlier war Presidents long outlived them.

Entered in the Post Office at Mt. Sterling as Second Class Mail Matter.

We are authorized to announce
HON. JOHN E. GARNER,
Of Clark County, as a candidate for Congress
subject to the action of the Democratic party.

We are authorized to announce
HON. T. T. FITZPATRICK,
As a candidate for Congress, in this, the fifth
district, subject to the action of the Democratic
party.

We are authorized to announce
HON. H. B. KINSOLVING
Of Montgomery County, as a candidate for
Congress in this, the Tenth Congressional Dis-
trict, subject to the action of the Democratic
party.

The Democrats of the Eighth District are trying hard to bring out a candidate or candidates to defeat the Hon. James B. McCreary for Congress, but from present indications he will have a walk-over.

The Congressional canvass is waxing warmer. Mr. Kinsolving on Friday returned from a tour of Wolf, Breathitt and Powell counties. On last Monday Messrs. Sublett, Kinsolving, Garner and Pollard met at Campton, and a great time did they have talking to the dear people.

In an animated discussion of the war revenue bill on Wednesday Mr. Dingley advocated the sale of \$500,000,000 in bonds.

The Democrats led by Mr. Bailey advocated a tax on bank stock and deposits and an income tax. Although the Supreme Court decided the Income Tax unconstitutional, there are enthusiastic ones who still demand it as just and equitable. The war expenditures are now estimated at \$25,000,000 per month.

The alleged hypnotist and mind reader, Prof. Boone, has been in town since Saturday afternoon. On Saturday at 2 p. m. Prof. Boone put his subject—a young man—under hypnotic influence, to continue until Monday evening. Since that time the victim has been exposed to the gaze of the curious and thoughtful in the large show window of J. B. Tipton's drug store, part of the time presenting the appearance of a dead man, and again like one on a spree. He has apparently been unconscious and has taken no nourishment. To some people the sight has been repulsive. As we are not posted on this subtle art or accomplishment, influence, spell, deception or whatever it is, we neither praise nor condemn it. We leave each to judge for himself. If you have any money to spare you will have an opportunity to get rid of some of it at the opera house, where the professor gives his shows.

That Electric Franchise.

The following is taken from the record of Fiscal Court, which met yesterday:

"Moved that the franchise asked of this Court by J. Clay Cooper, H. R. Prewitt, T. J. Bigstah, H. Clay Turner, W. T. Fitzpatrick and E. C. O'Rear for the purpose of constructing or having constructed an Electric line of cars to be run on right-of-way on the Maysville and Winchester turnpikes to the county line, be postponed to a future meeting for further consideration of said franchise.

"And further moved that if said franchise and right-of-way be granted to any parties, that it be first tendered to the above mentioned applicants and if contract is not made with them satisfactory to the county and according to law, then tendered to others."

J. R. THOMAS.

The county is deeply interested in the decision of the question, for it is important. So far as the writer has been able to study this question, he is free to express his individual opinion, which after a more thorough investigation may be changed. With due re-

gard to the rights and interests of all he thinks that the granting of such a franchise would be unwise, and an injustice to the people of this county, who have bought these thoroughfares for their own comfort and convenience. We suggest a careful reading of the original order in the Clerk's office.
B. W. TRIMBLE.

Circuit Court.

W. G. Dearing, of Flemingsburg, was in the city on Wednesday and appeared before the Circuit Court in behalf of the plaintiffs in the suit asking the Court's construction of the will of Anderson Chenault, Sr., so far as it affects Walter Chenault's interest in the estate. The judge's report has not been given.

On Saturday Judge Cooper passed sentence upon the following convicted at the present term: Wm. Alexander, 6 years, house breaking; Ish Biggers, colored, 10 years, robbery; Shed Mason and John Coons, colored, 4 years each, hog stealing; Wm. Jennett, white, 2 years, horse stealing.

The Judge confirmed the Commissioners' report in regard to the division of the Van Thompson lands.

In the suit of Mrs. Emma Chenault against Dan Welch for rent of corn land the jury gave verdict against plaintiff \$635.

The Court overruled the motion and grounds for a new trial in the suit of Mrs. Ada Jephson against the city for damages for her property by the construction of street.

Death by Drowning.

Much sympathy was called forth on Saturday afternoon when it became known that Frank Fraimau aged 17 son of Mrs. Emily Bradberry who formerly lived in this city had been drowned. The family now live near Camargo. On Saturday, Frank, accompanied by another boy, went to Drakes' Mill on Slate Creek. About 1 o'clock Frank concluded to go in swimming above the dam a short distance. The water is deep and a shelling cock in the bed permitted him to fall beyond his depth. His little friend saw Frank's danger but was unable to render any assistance. As soon as possible the alarm was given in the home neighborhood a few miles distant. The body was not recovered until about 6 o'clock and was then taken home where the inquest was held, after which the body was brought to Eastin's undertaking establishment preparatory for burial. On Sunday morning it was taken to Owingsville for burial. Frank was well known in town, and many are the friends who in this hour of trial will remember the sorrowing family.

The buying of millinery is now occupying the attention of the ladies. Mrs. Kate O. Clarke is continually increasing her stock of latest and most attractive styles. She receives fresh supplies twice a week. Call to see her. 41-U

Judge A. A. Hazelrigg, W. B. O'Connell and G. A. McCormick went to Frankfort on Saturday to appear before the State Board of Equalization to show cause why the assessment of this county should not be raised.

The Board raised the assessed value on lands 3 per cent. and on town lots 4 per cent.

Horsemen will please notice the advertisement of Clarence Muir's celebrated saddle and harness stallion Washington, which appears in this issue. His colts are valuable, commanding fine prices.

One of the most cozy and attractive business houses in town is the millinery establishment of Mrs. Kenny, on East Main street. She has a select stock of fine millinery, latest styles. Call and see her. 41-21

We call attention to the advertisement of J. Chas. McCullough, Cincinnati, O., who sells all kinds of seeds: flower seeds, bulbs, garden seeds, field seeds. Send for his price list. 39-4f

Monuments Erected in Machpelah.

Three beautiful monuments were erected in Machpelah Cemetery last week one for the estates of Dr. L. C. Jeffries and A. N. Riddle and one for Miss Vernie Bassett. These monuments were furnished by the Muldoon Monument Company, of Louisville, and were sold through their agent Thos. J. Young of this city. The same firm will also erect this week at Sharpsburg a handsome monument for the estate of D. L. Badger, and one at Bethel for the estate of Joseph Aramith.

Saved From Drowning.

Recently at a school picnic at Fort Worth, Texas, while some small boys were bathing, Gilbert Bean, aged 14, who could not swim, got beyond his depth. He would have drowned had he not been rescued by the brave little Jimmie Wells, aged 10 years, grandson of Mrs. Lizzie Evans, of this city. He sprang into the water with his clothes on and saved the lad as he was sinking.

Accident.

On Tuesday last week, while Mrs. J. W. Shroat and Mrs. J. D. Sewell were out driving, Mrs. Shroat called at Andy Cline's on Locust street, leaving her friend in the buggy. Suddenly the horse took fright and ran away. The buggy was upset and Mrs. Sewell thrown with considerable force to the ground. She sustained some bruises about the face; fortunately no bones were broken. We are glad to say that she has recovered from the nervous shock and soreness.

Captain Harry Strother, of Winchester Company A, Second Regiment Kentucky State Militia, was in town on Wednesday, and enlisted the following young men who are willing to go to Cuba: E. H. Myndel, Jas. Roach, Taylor Apperson, Jas. Jones, Greene, Mort Swango of Hazel Green, and Richard Apperson, of Cincinnati. Of the above E. H. Myndel, James Jones and Mort Swango have been accepted and left yesterday for Lexington, where the mobilization takes place.

Col. Robert Hazelrigg, of the Olympian Springs, was in the city several days the past week. He says that numerous improvements have been made at that famous summer resort, and that they expect to entertain more guests this summer than they did last. We are glad to see the managers of this place prosper, for a more courteous, genial and thorough gentleman than Col. Bob Hazelrigg never lived, and his partner, Mr. J. W. Wilson, is his equal in every respect.

The young ladies who had the exchange at Grubbs & Hazelrigg's on Saturday did well.

The ladies of the Episcopal church will give a court day dinner in May (15th inst.).

THE SICK.

We regret to announce the severe sickness of Mr. J. W. Hadden of the ADVOCATE, who has been confined to his bed for more than a week.

We are sorry to state that Jailer Wm. Sheld is not much improved. He has been confined to his room about one month.

Sid Hart was in town last week after a long sickness.

Miss Anna May Petry, who has been quite sick for some months, occasionally takes a drive. We hope she will soon be fully restored.

Mrs. Wm. Alexander, of Steptone, who has been sick for three weeks, is improving.

GREAT NAVAL VICTORY

Won by Admiral Dewey at Manila.

Three Spanish Ships Destroyed and Two Thousand Spaniards Slain.

American Loss Said to be 500 Men.

Dewey Still in Manila Harbor.

Spaniards Admit Heavy Losses in Men and Ships.

The dailies of yesterday give an account of a naval battle fought on Sunday morning in the Harbor of Manila between the American and Spanish fleets. Below we give the cable messages entire as taken from the Enquirer:

HONG KONG, May 1.—Advices from Manila state that Commodore Dewey opened a strong cannonade against the Spanish squadron guarding the harbor this morning. After severe fighting he retired to place his wounded in safety and then returned to the attack. After gaining a decisive victory he retired in the offing, without the loss of a vessel, though his list of killed and wounded is said to be considerable. The Spanish cruiser, Don Juan de Austria was blown up and her Commander killed. The cruiser Maria Christina was burned and several smaller ships of war were sunk. The Spanish Admiral Montojo was compelled to transfer his flag from the Christina to the Isla de Cuba. The Spanish fleet was practically annihilated and Manila is panic-stricken. It is believed here that the capture of the city is a matter of but a few hours.

BLOW CRUSHING,

Even According to Reports From Official Sources in Madrid.

MADRID, May 1.—Advices from Manila say that the American Squadron, under Commodore Dewey, appeared off the bay of Manila at 5 o'clock this morning and opened a strong cannonade against the Spanish Squadron and forts protecting the harbor. The Spanish second-class cruiser Don Juan de Austria was severely damaged and her Commander was killed. Another Spanish vessel was burned.

The American Squadron retired, having also sustained severe damage.

A second naval engagement followed, in which the American Squadron again suffered considerable loss and the Spanish warships Mindano and Ullao were slightly damaged.

The following is text of the Official Dispatch from the Governor General of the Philippines to the Minister of War, Lieutenant General Corea, as to the engagement off Manila:

"Last night, April 30, the batteries at the entrance to the fort announced the arrival of the enemy's squadron, forcing a passage under the obscurity of night. At daybreak the enemy took up a position, opening with a strong fire against Ft. Cavite and the arsenal. "Our fleet engaged the enemy in a brilliant combat, protected by the Cavite and Manila forts. They obliged the enemy with heavy loss to maneuver repeatedly. At 9 o'clock the American Squadron took refuge behind the foreign merchant shipping on the East side of the bay.

Our fleet, considering the enemy's superiority, naturally suffered a severe loss. The Maria Christina is on fire and another ship, believed to be the Don Juan de Austria, was blown up. "There was considerable loss of life. Captain Cadarzo, commanding the Maria Christina, is among the killed. I cannot now give further details. The spirit of the army, navy and volunteers is excellent."

El Herald says Montojo changed his flagship during the engagement or between the two encounters the better to direct the maneuvers. Thus he escaped the fate of Christini's commander.

The second engagement was apparently begun by the Americans after landing their wounded on the West side of the bay.

Cabinet Ministers speak of "serious but honorable losses."

An official telegram received at a late hour from the Governor General of the Philippines says: "Admiral Montojo has transferred his flag to the cruiser Isla de Cuba from the cruiser Reina Maria Christina. The Reina Maria Christina was completely burnt, as was also the cruiser Castillar the other ships having to retire from the combat, and some being sunk to avoid their falling into the hands of the enemy."

THEY ADMIT IT.

MIDNIGHT.—El Herald de Madrid says that Admiral Montojo changed his flagship during the engagement or between the two encounters in order to better direct the maneuvers. In this way he escaped the fate of the Commander of the Reina Maria Christina.

The second engagement, according to El Herald, was apparently begun by the Americans after landing their wounded on the west side of the bay. In the latter engagement the Spanish Mindano and Ullao suffered severely.

Ministers speak of "serious but honorable losses."

Admiral Bermejo, Minister of Marine, joined the Cabinet Council this evening, and informed his colleagues that the Spanish forces had gained a victory in the Philippines. He asserted that he found difficulty in restraining his joyful emotions.

The official dispatch does not mention the destruction of any American vessel, although it says that the United States squadron finally cast anchor in the bay behind the foreign merchantmen.

THE DEFEAT WAS COMPLETE.

LISBON, May 1.—11 A. M.—Reliable news is received here that the Spanish fleet was completely defeated off Cavite in the two naval engagements this morning.

Advice to Consumptives

There are three great remedies that every person with weak lungs, or with consumption itself, should understand. These remedies will cure about every case in its first stages; and many of those more advanced. It is only the most advanced that are hopeless. Even these are wonderfully relieved and life itself greatly prolonged.

What are these remedies? Fresh air, proper food and Scott's Emulsion of Cod-Liver Oil with Hypophosphites. Be afraid of draughts but not of fresh air. Eat nutritious food and drink plenty of milk. Do not forget that Scott's Emulsion is the oldest, the most thoroughly tested and the highest endorsed of all remedies for weak throats, weak lungs and consumption in all its stages.

SCOTT & BOWNE, Chemists, New York.

LATER

The two o'clock edition of the Times stated that Manila was being bombarded by Dewey's squadron. A still later report has it that the United States flag floats over Manila, the Governor General having surrendered the port.

WAR NEWS.

On Wednesday afternoon about 1 o'clock the first real fighting with our warships began in Cuban waters between the flagship New York, Captain Sampson in command, the monitor Puritan and the cruiser Cincinnati on one side, and the forts at Matanzas on the other. This city and bay are about 55 miles east of Havana. Batteries of Point Roubal Cay and Point Mays guard the entrance to the harbor. These began the attack, but their shots fell short except two, which passed over the New York. The range of firing was from 7,000 yards at first to about 2,000 before the conflict ended.

Our three vessels did effective work. The batteries were silenced in 18 minutes, so precise and destructive were the 88 shots fired from the vessel.

The defenses of Matanzas were being strengthened, but by prompt action Captain Sampson has demolished the works, and also learned about the skill of the gunner. The Americans are greatly elated and think the easy work at Matanzas insures the successful attack upon Havana.

The loss of life and property in the forts is not known, but Spanish officials admit that they lost some men. After the batteries were silenced the New York put to sea, leaving her companions near the bay.

A SMALL CAPTURE.

On April 27th the United States cruiser Detroit, Commander J. H. Dayton, brought into Key West another prize, the Ambrosio Bolivar, a small Spanish merchantman, which was captured by the monitor Terror off Cardenas. The captured Spanish steamer had \$30,000 in silver on board. It was taken on board the Terror.

SAMPATY WITH SPAIN.

Dispatches from Odessa say Russian newspapers largely sympathize with Spain and express the belief that if the United States fails to gain a signal naval victory soon Spain's honor will be saved and Europe will insist upon the latter's capitulating in order to prevent the loss of which commerce must suffer. Quantities of grain have been sold to Spain.

John Morgan's men and their sons and kindred have been called to arms for service in Cuba. Col. James W. Bowles, of Louisville, the last commander of Gen. John H. Morgan's original regiment, has begun the work of organizing a regiment of cavalry, and he desires that it shall be made up of Morgan's men as nearly as possible.

Misses Christine Bradley, the Governor's daughter, and Alice Castellan, of Louisville, have tendered their services as nurses to go with the State brigade.

MOBILIZATION AT LEXINGTON.

At noon on Wednesday Secretary of War Alger telegraphed Gov. Bradley that the Kentucky troops would be mobilized at Lexington instead of Louisville. The three regiments and two troops of cavalry make about 4,000 men. There is great satisfaction among Lexington people.

"I want to help take Havana," said Congressman David G. Colson. Mr. Colson has left his seat in Congress temporarily vacant to fight for his country. He was in Lexington last week on his way to Harrodsburg to hold an interview with Col. E. H. Galtier concerning military matters. He is to go as Major, commanding a battalion of the Second regiment. He will have charge of the Middleboro, Lancaster and other companies.

The ladies and gentlemen of Winchester have formed a committee to purchase a \$50 flag to present to their local military company. It will bear the inscription, "Liberty, Humanity, Justice."

An official dispatch received at Madrid April 27th from Manila, capital of the Philippine Islands, says the Governor of Iloilo, Philippine Islands, announces that the Spanish gunboat El Cano has arrived there, having captured the American bark Saranac, Capt. Bartabart, from Newcastle, N. S. W., on February 28th, for Iloilo. The Saranac had 1,640 tons of coal on board.

GOVERNMENT TO PAY EXPENSES.

The War Department has issued the following circular: All absolutely necessary expenses for the sustenance and transportation, sheltering and general maintenance of the volunteers between enrollment and muster; also incidental expenses connected therewith, such as hire of offices, clerks, messengers, etc., for mustering officers will be met by the Government of the United States from a proper appropriation at the disposal of the several departments of the navy.

TORPEDO BOAT SOMERS FORBIDDEN TO LEAVE.

Commander Hazleton, of the United States torpedo boat Somers, at Falmouth, England, was notified as a result of the neutrality measures adopted by the British Government that he must not leave. Consequently the Somers lowered her pennant. A British torpedo boat took a position in her vicinity.

SAFE.

The American Liner Paris, about which there has been considerable uneasiness lest she should fall into the hands of the Spanish, was sighted off Fire Island, at New York, on Saturday morning at 2:47. She is safe.

ANOTHER RICH PRIZE.

On Wednesday morning the monitor Terror and gunboat Machias captured the Spanish ship Guido with rich booty estimated at \$400,000, aside from the specie in the safe, which amount is not known. She was laden with provisions for Havana. Falling to stop the engines of the Guido when ordered, the captain had to surrender after four shots from the war vessels had done his ship considerable damage. The capture was taken to Key West. The prizes taken during the first week are estimated at \$3,000,000.

On Friday evening at 6 o'clock the two batteries at Cabanas, a small town 30 miles west of Havana, opened fire on the torpedo boat Porter, which soon got out of range, giving place to the New York, commanded by Captain Sampson. Twelve shots with her 6-inch guns in twenty minutes silenced the shore batteries.

It is expected that to-morrow the first detachment—6,000 soldiers—will depart for Cuba from Tampa, Fla. Matanzas will be the place of landing. Our troops will be led by Gen. Shafter. On Thursday the Government chartered eight big ships for the transportation of troops to Cuba. They carry from 500 to 1,200 passengers each. The success in bombarding Matanzas stimulated the administration to push the campaign in Cuba.

The battle-ship Oregon for whose safety not a little anxiety has been felt has been heard from in the harbor of Rio Janeiro. This great fighting machine belonging to Uncle Sam will soon be in North American waters ready to give an account of herself.

Troops are rapidly being sent to Tampa, Florida and it looks very much as if an early invasion of Cuba is contemplated by our forces.

The Kentucky Volunteers will be mustered into service at Lexington. Active preparations are being made for the accommodation of the troops till they are mustered into the U. S. Service. The State pays all expenses until they are accepted after which your Uncle Samuel foots the bills.

The Oregon at Rio Janeiro. She must coast before starting northward. This will take several days. She is over 5,000 miles from Cuba and it will require fifteen days to make the journey.

The Spanish fleet sailed from the Cape Verde Islands Friday, taking a westerly course. While its destination is not known, it is the very general impression that the Donz propose to give battle to Uncle Sam's fleet in Cuban waters. The date for the arrival of the Spanish vessels in the neighborhood of Havana is fixed by the knowing ones at or about May 7.

Spanish spies are believed to be responsible for the recent explosion of powder mills in California. Watch is being kept on a monastery occupied by Spanish Jesuits, near Santa Cruz, as officials believe that two of its inmates are guilty of causing the explosion near there.

The Spanish steamer Panama, cap-

tured by the little gunboat Mangrove, is valued at \$700,000

The cruiser Topaka has arrived safely at New York after a rough passage of twelve days. She sighted no war vessels during the journey from England.

CURIOSITY.

How Do You Explain These Eggs?

On Wednesday Levi Kratzer, who lives near Camargo on Greenbriar, came to town and told about an egg which was attracting considerable attention in his neighborhood. On Sunday his little girl was sent to get some eggs. She returned with one in which in raised brownish letters was writing which has created so wide an interest. We saw Mr. Kratzer on Wednesday and requested him to bring the egg to our office. He also said that when he left home on Wednesday the hen was on her nest. He returned on Thursday, bringing two eggs. The first was laid on Sunday and has on it in raised brownish letters the following writing, running lengthwise from small to large end: "Woe unto ye men that break the Sabbath, for your life is short."

Below this is a cross 1 1/2 inches by 3/4. The above occupies half the surface of the egg. Below this is a brown spot egg-shaped 1 1/2 by 1 1/2 inches.

The second egg was laid on Wednesday, so he says, and has the following writing very distinct in bold relief:

"Coming of the last day I now write unto you in both which I stir up your pure minds by way of remembrance, and the elements shall melt with fervent heat the end. Amen."

Below this is a cross looking very much like a serpent 1 7/16 inches by 1 1/4 inches.

The above almost covers the whole surface of the egg. The writing on these eggs is brownish looking, much like gilt. The background is of lighter shade.

Mr. Kratzer says there are people who are suspicious about the eggs, intimating that acids of some kind have been used. He declares that if any person has prepared the eggs he and his family have no knowledge of it. He says the eggs were laid on the days mentioned. He does not understand the matter. He took them home with him on Thursday, saying that some neighbors were coming in at night to see them. The hen is now carefully watched.

A joint stock company, composed of J. C. Turley, John C. Richardson, Dick Robinson and Chap. Gillespie, has bought the hen and eggs, paying for the same \$100, provided the representations made are verified, i. e. that the hen-laid the eggs just as they appear. We presume Mr. Kratzer is honest in his belief. Does he think he is deceiving any one?

PROCLAMATION

By the President of the United States.

"Whereas, by an act of Congress, approved April 25, 1898, it is declared that war exist and that war has existed since the 21st day of April, A. D. 1898, including said day, between the United States of America and the Kingdom of Spain, and,

"Whereas, it being desirable that such war should be conducted upon principles in harmony with the present views of nations and ancient practice, it has already been announced that the policy of this Government will be not to resort to privateering, but to adhere to the rules of the Declaration of Paris.

"Now, therefore, I, William McKinley, President of the United States of America, by virtue of the power vested in me by the Constitution and by-laws, do hereby declare and proclaim,

"1. The neutral flag covers enemy's goods with the exception of contraband of war.

"2. Neutral goods not contraband of war are not liable to confiscation under the enemy's flag.

"3. Blockades in order to be binding must be effective.

"4. Spanish merchant vessels in any ports or places within the United States will be allowed until May 21, 1898, inclusive, for loading their cargoes and departing from such ports or places; and such Spanish merchant vessels, if met at sea by any United States ship, shall be permitted to continue their voyage if, on examination of their papers, it shall appear that their cargoes were taken on board before the expiration of the above term, provided that nothing herein contained shall apply to Spanish vessels having on board any officers in the military or naval service of the enemy, or any coal (except such as may be necessary for their voyage), or any other article prohibited or contraband of war, or any dispatch of or to the Spanish Government.

"5. Any Spanish merchant vessel which, prior to April 21, 1898, shall have sailed from any foreign port bound for any port or place in the United States, shall be permitted to enter such port or place, and to discharge her cargo and afterward forthwith to depart without molestation, and any such vessel, if met, without molestation, and any such vessel, if met at sea by any United States ship, shall be permitted to continue her voyage to any port not blockaded.

"6. The right of search is to be exercised with strict regard for the right of neutral, and the voyages of mail steamers are not to be interfered with, except on the clearest ground of suspicion of a violation of law in respect of contraband or blockade.

"WILLIAM McKINLEY.
"In witness whereof, &c., done at the Department of State, &c., this 26th day of April, A. D. 1898."

Interesting War Items.

The Woodford Sun says some believe war will advance prices of grain, and other that it will depress them. In May, 1861, shortly after the firing upon Fort Sumter, and its surrender, the price of wheat in Chicago advanced to \$1.25, but in the following June and July it sold down to 55 cts. In March, 1864, it sold at \$1.07, and June of the same year went to \$2.26. In May, 1867, it sold at \$2.85, and in November of the same year, \$1.14. After that time the range was downward, though in September, 1898, it sold at \$2, and the crop of that year remained above \$1.

Bourbon Guards.

The military company, 128 strong, recently organized at Paris has adopted the above name. Mr. Chas. Wadsworth has been elected Captain. On last Tuesday night a beautiful United States flag was presented to the company by the young ladies of Paris. The ceremony was at the court house. Miss Jeanne Purcell presented the flag. Great enthusiasm prevailed. Paris turned out in large numbers to see the parade. Misses Lucy Lowry and Miss Hart tendered their services as nurses for the Second regiment.

Don't Invite Sickness

Which is better, to thoroughly cleanse and purify the blood just now, or make yourself liable to the many dangerous ailments which are so prevalent during summer? Impurities have been accumulating in the blood all winter, and now is the time to get rid of them. A thorough course of Swift's Specific is needed to cleanse the blood and purify the system, toning up and strengthening it all over. Those who take this precaution now are comparatively safe all summer; but to neglect it is to invite some form of sickness which is so common during the trying hot season. It is now that a course of Swift's Specific

OUT OF BEEP.

Havana Beginning to Run Short of Supplies.

A correspondent of the New York World sends the following Cuban advice, via Key West, Fla.: Havana is completely out of beef, although large shipments are expected from Mexico. All the necessities of life have gone up to prices never heard of, and if something is not done soon many will perish of hunger. Families of means have stored large supplies of stores in their houses. All Cuban families leaving are urged to take the offer being made that they will be respected and protected. Blanco has issued orders to arm all men, and the order is being obeyed, and even boys of 14 are taken.

Large numbers of Cubans have joined the insurgents around Havana. Three steamers of the Herrera Line, chartered by resident families, have left Havana for Mexico filled to their full capacity. Standing room could not be had at any price.

POLICY OF DELAY

By Our Government Causing Unhappiness in Spain.

Paris, April 26.—A dispatch to the Temps from Madrid says: "The press criticizes President McKinley's hesitancy and tardy supplies and the slowness of the naval operations, as indicating lack of organization for the war." "Military and financial circles, however, are very much concerned about America's line of policy, fearing the United States authorities intend to drag on the war until their preparations are completed and the rainy season is over, in the meanwhile blocking the Spanish colonies and interfering communications, thus multiplying Spain's financial embarrassments."

The Temps urges the powers to take prompt and energetic measures to prevent the United States forces from cutting the Cuban cables, claiming such a step would be "an open violation of existing treaties and the principle of modern law, and a grave injury to the interests of humanity."

It is a great leap for the old-fashioned doses of blue mass and nauseous phylaxes to the pleasant little pills known as DeWitt's Little Early Risers. They cure constipation, sick headache and biliousness.

Where is He?

Here is a mixed up State of affairs in the location of a farmer's home, and in case he is wanted by a sheriff, it would be a difficult matter to get legal service on him. His home is situated in two States, two counties, and three townships. He eats in one township, says his prayers in another, and in a third finds his shoes at State line passing through his bed room, his wife sleeping in Ohio, while he, by a narrow margin, snores in Michigan.—Exchange.

A Problem.

The scholars are interested in the solution of the following problem, which we submit to our readers and ask a solution to be mailed on postal card for publication. We desire an answer from every one who reads:

What will it cost to yards of velvet cost at \$1.00 per yard.

Send solution to Mr. STERLING ADVOCATE.

The following solutions to the above problem have been received:

If one yard cost one dollar and one one thousandth of a dollar, ten yards will cost ten times as much.

\$1.001

Editor ADVOCATE:—As I am a reader of your paper I will give you an answer to the above stated problem.

Oh, what a warm welcome the first little child sends to the mother who guides her to the world of woman's heart receives from the happy mother. Every thought and care is given to the comfort and well being of the new comer after it has entered into the portals of life and taken its place at the family hearth.

Yet during the time when baby is expected to do all the things that should be done by the mother, the little one is so weak and feeble that it is almost impossible for it to do any of the things that are expected of it.

Dr. Pierce's Favorite Prescription for Women is the only medicine that will give the mother the strength to do all the things that are expected of her.

It will make the mother's blood pure and healthy, and will give her the strength to do all the things that are expected of her.

It will make the mother's blood pure and healthy, and will give her the strength to do all the things that are expected of her.

It will make the mother's blood pure and healthy, and will give her the strength to do all the things that are expected of her.

It will make the mother's blood pure and healthy, and will give her the strength to do all the things that are expected of her.

LOUISVILLE RACES.

Greatest Spring Meeting Ever
Held in Kentucky, Beginning May 4.

Beginning on Derby Day, May 4, one of the greatest race meetings ever held in Kentucky will be given at the famous Louisville race course. Eleven stakes, including the Kentucky Derby, worth \$60,000, will be run during the fifteen days. All the crack horses in the country are engaged in these stakes, including Ornament, Plaudit, Banquo, Simon W., Buck Masie, Bangie, Whitefoot, Alleviate, Flora Louise, Algol, Byron McClelland, Lieber Karl, May, Salvato, Flying Dutchman, Presbyterian, Teller, Gallivan, Fleischman, Carne, Meadowthorpe, Dr. Black, Bonaparte, Ramiro, Performance, Roanoke, Ben Holladay and many others. Nearly 1,000 horses are now quartered at Churchill Downs, insuring large fields and exciting contests. There will be five or more races each day, with liberal added money.

All the railroads have put on cheap excursion rates, the road trip from Mt. Sterling being only one fare. This also includes admission to the grand stand, each railroad ticket having a coupon attached which can be exchanged for a badge at the gate. This is the cheapest rate ever offered from this point, and a big delegation will leave here on Derby Day to take advantage of it.

The Derby will be run on the opening day, Wednesday, May 4, and will be followed by the Debutante Stakes, Louisville Handicap, Biggame Stakes, Clark Stakes, Mademoiselle Stakes, Pehr Stakes, Wenonah Stakes, Premier Stakes, Kentucky Oaks, and Juvenile Stakes, in the order named. These are the biggest turf events run in the West. On Saturday, May 14, the Gentlemen's Cup race will be run.

GERMAN STATESMAN

Says There Will Be an Alliance of America, England and Japan.

Herr Liebknecht, the leader of the Social Democratic party at Berlin, Germany says:
"America has crossed the rubicon in regard to her attitude toward Europe. She will not stop with Spain. Her next step will be in all probability to be taken in the far East with England and Japan as allies."
"Both the United States and England have been making preparations for this alliance during the past year. Should it be ratified, then it would be the so-called concert of European Powers."

Col. A. W. Hamilton leaves to-day for Chicago where he goes to take a position as judge for the Western Racing Association. The Colonel held this position last season and by reason of his decisions won the hearty good will and unqualified respect of all connected with the association.

The Southern Baptist Convention, whose district comprises thirteen States, convenes in Norfolk, Va., May 6 to 12. Rev. J. W. Bolin is the only attendant from this city. He leaves on Wednesday. W. J. Hedden had arranged to go, but sickness prevents.

On Sunday morning and evening the regular services of the Christian church were held in the Court House. The pastor, Rev. H. D. Clark, was present, having returned from a month's preaching at Ann Arbor, Michigan. It seemed an appropriate place for the services, as the kindly faces of Judge B. J. Peters, at present an elder, and Judge Richard Reid, a former elder, looked down from their portraits on the walls upon the congregation. Beginning on Wednesday evening, the regular weekly prayer meeting will be held in the County Court room, first floor. Several of the county officials should feel very much at home at these services in the Court House, as the County Judge, Sheriff, Circuit Clerk, Jailor, County Attorney and Surveyor are members of the Christian church.

The C. W. B. M. District Convention met in Paris on Friday, April 29. This, the Eighth District, is composed of the counties of Harrison, Nicholas, Bourbon, Clark, Montgomery and Bath. Mrs. Wernall, County secretary of Bourbon, called the meeting to order at 10 o'clock a. m. Her cordial words of welcome to delegates and visitors made all feel glad they were there. Mrs. Hutcherat, in a few well chosen words, introduced Mrs. Shawhan, of Cynthia, the District Manager, who reviewed the work for the past year and appointed the committee. Mrs. Williams, of Cynthia, was the efficient secretary of the convention. (Mrs. Williams was formerly Miss Kizle Wright, of Montgomery county). The usual devotional exercises and reports of county secretaries consumed the morning session.

In the afternoon, after devotional exercises, the reports of committees were read.

Committee on Nominations brought in names of the entire old Board. Mrs. Sanford, county secretary for Nicholas, returned to serve again, and Mrs. Julia Neal, of Carlisle, was appointed. Mrs. Shawhan protested against reappointment, giving as excuse inefficient past service, ill health, etc., but the convention when put to a vote promptly voted her in.

Committee on Time and Place reported time last Friday in April, 1898; place, Mt. Sterling.

Committee on Obituaries reported five deaths during the past year: Mrs. Clay and Mrs. Reese, of Mt. Sterling; Bro. Keene, of Winchester; Mrs. Ashbrook and Mrs. Snodgrass, Cynthia. The committee by rising vote tendered sincere sympathy and love for the stricken State President, Sister Keene.

The reports from auxiliaries were about up to the usual average; the Cynthia auxiliary always coming up with best financial report. Two or three infant auxiliaries in country churches reported as dead. We hope that they did not die for want of the sincere milk of the word. Clark and Bath failed to send a delegate or report. They must do better than that next year.

The members of Paris C. W. B. M. auxiliary had spared no pains to make the convention a success in every particular. Several of them were at the station to meet morning trains with carriages to convey all delegates to the hospitable homes assigned them. The Mt. Sterling auxiliary were beautifully entertained by Mrs. Hutcherat. The church was bright with cut flowers—roses, roses everywhere, a perfect border of beauty and perfume.

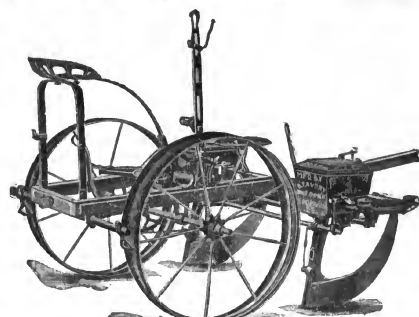

Prof. Gutzelt presided at the organ. The music was well selected and beautifully rendered by organist and choir. "Shout the Tidings of Salvation" poured over and around us in waves of inspiration. Mrs. Frank Fithian, nee Miss Mary White, delighted the convention with a beautiful solo, "One Sweetly Solenn Thought" during the morning session. During the evening session a fine quartette assisted in the music. The church was well filled all day, and for the evening an attentive, appreciative audience, and eight new members were added to the roll of the Paris auxiliary. The first part of the evening entertainment was devoted

to the children's band. Their presentation by song and recitations on costume of "India's Appeal to America" was extremely pleasing. Some of the songs were especially interesting to the audience.

The convention closed by an address on "The Importance of organized work in promoting missions," by the State organizer, Mrs. Ross, of Independence. Mrs. Rees fully realized that she has much to combat in taking Miss Sublett's place, for she knows how large a place "Miss Susie" holds in the hearts of the missionary workers of the State. There can be, however, only one opinion after hearing Mrs. Rees, and that is, she need not fear the comparison. They all adopted her immediately as a worthy successor of even Miss Susie. Miss Sublett is still secretary, but had to give up the work of organizing auxiliaries by reason of her mother's feeble condition.

These conventions are very helpful, not only for bringing the workers together to discuss better methods, ways and means, etc., but for the encouragement and new zeal born of personal contact, and the certain knowledge of prayerful co-operation; a realizing sense of how small offerings from weak auxiliaries will flow together, making a wider stream, which shall flow outward and toward to meet God's omnipotence. May he speed the day when every woman who enlists under the banner of the Cross will grasp the greatness of her privilege in being permitted to co-operate with her Savior in a world's redemption.

The Executive Committee of the Kentucky Christian Endeavor Union will meet at Lexington Thursday, May 12th. In the evening a popular meeting will be held at which Rev. J. Landreth chairman of the committee, Nashville '98, will deliver an address and tell of the plans for the greatest Christian Convention ever held in the South, which is to meet at Nashville, Tenn., next July. A rate of one fare from Mt. Sterling and intermediate points has been secured, good going on any train on the 12th, returning on special train after the meeting, provided fifty persons go. All desiring to avail themselves of this special rate and spend the day in Lexington hearing at night one of the most popular speakers in Christian Endeavor circles should report at once to Rev. A. J. Arrick.

Rev. G. C. Abbott will preach at Side View on Sunday at 3:30 o'clock.

W. M. Kendall, of West Liberty, brought down forty-five head of nice yearling steers which he will turn on the 55-acre tract of blue-grass that he rented near Pinn Lick.

T. F. Rogers, as loan agent, has the following sums of money to loan on acceptable security: \$1,200 at 7 per cent. interest; \$2,000 at 6 per cent. interest; \$2,500 at 6 per cent. interest.

THE SWEEPSTAKE SADDLE STALLION

WASHINGTON, No. 54,

Will make the season of two any stable near Louisville, on Mt. Sterling and Winchester, Ky., at \$15 to insure living colt.

Money due when colt comes or more paid with colt to saddle stallion. A few retained on colt to secure service in money.

WASHINGTON is a black stallion, 15 1/2 hands high, styled well, bred by Patrick Hagan, Payne's Depot, Ky. Sired by Cromwell 75, by Washington Denmark 24, by Glines' Denmark 8, by Denmark, F. 8. 1st dam (old Alice) by Bang's Haden 100, 2d dam by Tinsler, son of Blackbird's Whip, 3d dam Coatsworth by the thoroughbred Charles. Countess 1st dam by John Dilard, 2d dam by Gay Race.

Washington, the exceptional stallion and harness stallion, winner of more horses in the show ring than any horse of his age living or dead. Prominently leads as a sire, his get having defeated every competitor of any note in the past few years. As sellers they rank as follows: \$1,500 Miss Cromwell, \$1,500 star Denmark, \$1,500 Tinsler, \$1,500 Countess, \$1,500. In 1897 he was retained for Preston, \$1,250 for Pat Washington and last but not least \$1,500 for Cromwell. Kinds that defeated Rex in 1897, and Mrs. Evans his owner, says he can defeat any horse in American Union National Saddle Horse racing.

Owner, J. B. Evans, Thomas, Ky.

If You Wish to Be Well

You must fortify your system against the attacks of disease. Your blood must be kept pure, your stomach and digestive organs in order, your appetite good. Hood's Sarsaparilla is the medicine to build you up, purify and enrich your blood and give you strength. It creates an appetite and gives digestive power.

Hood's Pills are the favorite family cathartic, easy to take, easy to operate.

A prisoner in the city jail made a break for liberty yesterday at one o'clock. A lively chase down Bank and west on Main streets and a shot from Commissioner Reeves' pistol brought the fugitive to a halt.

Origin of "Old Glory."

A Western writer says: "I have had the pleasure of hearing from the lips of one who knew the history of the name given to our flag in recent years, 'Old Glory,' the incidents of the occasion. The narrator, George W. Bates, of Detroit, Mich., a gentleman of unusual information on all topics and an ardent patriot, says that it was applied to the flag of the United States for the first time by Capt. Stephen Driver, an old sea captain who was living in Nashville, Tenn., in 1862. In order to keep the flag, which had been presented to him while abroad by American friends, he hid it in a quilt and slept under its folds without its enemies being any the wiser. On awakening in the morning he would ascribe his good sleep to the concealed flag, which he called by the pet name of 'Old Glory' and when the Federals entered Nashville he hung 'Old Glory' to the breeze and told the story everywhere. The name is now as national as the flag."—Chicago Journal.

The largest city in the world is London, lying in four counties and having a population of 4,250,000, equalling the combined populations of Paris, Berlin, St. Petersburg and Rome. To walk through all the streets, avenues, lanes and alleys of the city, never traveling the same one twice, would require a ten mile walk every day for nine years. The street placed in a row, would reach around the world and leave a remnant that would stretch from London to San Francisco.

A St. Louis physician, who is a confirmed old bachelor, has started out to reform the habit that obtains of dressing babies in long clothes. He says that it is necessary for the proper development of babies that they should have plenty of leg room in which to kick. The St. Louis doctor is no doubt right. This thing of beginning at the very start of life to deprive a free American citizen of the right to kick is in violation of the principle of republican government, and should have an end put to it.

The dyspeptic carries a dreadful load on his back. It seems as if they were really made up of two men. One of them ambitious, brainy and energetic. The other sick, listless, peevish and without force. The weak man weighs the other one down. The dyspeptic may be able to do pretty good work one day, and the next day because of some little indiscretion in eating he may be able to do nothing at all. Most cases of dyspepsia start with constipation. Constipation is the cause of nine-tenths of all human sickness. Some of the symptoms are sick and bilious headache, dizziness, sour stomach, loss of appetite, foul breath, windy belchings, heartburn, pain and distress after eating. All these are indicative of derangement of the liver, stomach and bowels, and all are caused by constipation. Dr. Pierce's Pleasant Pellets are the quickest, easiest and most certain cure for this condition. They are not violent in action.

THE WONDERS

Of Science—Lung Troubles and Consumption Can Be Cured.

An Eminent New York Chemist and Scientist Makes a Free Offer to Our Readers.

The distinguished New York chemist, T. A. Slocum, demonstrating his discovery of a reliable and absolute cure for Consumption (Pulmonary Tuberculosis) and all bronchitis, throat, lung and chest diseases, stubborn coughs, catarrhal affections, general decline and weakness, loss of flesh, and all conditions of wasting away, will send three free bottles (all different) of his New Discoveries to any afflicted reader of the Mt. Sterling Advocate writing for them.

His "New Scientific Treatment" has cured thousands permanently by its timely use. "It considers it a simple profession," suffering humanity to donate a trial of his infallible cure.

Science daily develops new wonders, and this great chemist, patiently experimenting for years, has produced results as beneficial to humanity as can be claimed by any modern genius. His assertion that lung troubles and consumption are curable in any climate is proven by "heartfelt letters of gratitude," filed in his American and European laboratories in thousands from those cured in all parts of the world.

Medical experts concede that bronchitis, chest and lung troubles lead to consumption, which, uninterrupted, means speedy and certain death.

Simply write to T. A. Slocum, M. C., 98 Pine Street, New York, giving postoffice and express address, and the free medicine will be promptly sent. Sufferers should take instant advantage of his generous proposition.

Please tell the Doctor that you saw his offer in the ADVOCATE. 31-41

Coal in Rowan County.

A Morehead dispatch says: Additional discoveries recently of large deposits of coal in this immediate vicinity have caused great excitement and a meeting of all the business men of this city has been called looking to a speedy development of some of the mines. The latest and most valuable find is at the head of Dry creek, on lands known as the Lamb, Vinton and Tabor tracts, and it is believed that the veins are from six to five feet deep, will extend east and south to Morgans, county 25 or 30 miles, and that they will grow deeper as we travel in that direction. The quality of coal has been pronounced by experts to be unsurpassed, and the cost of mining will be at the minimum. A coal interesting and valuable find here is an excellent quality of lithographic stone, and a stock company will be formed at once for the manufacture and sale of this article which will soon become a typographical necessity.

A Further Reduction.

The Chesapeake & Ohio Railway has made a further reduction in the rate to Norfolk for the Southern Baptist Convention. The round trip rate from Lexington will be \$13.50, good going and returning all rail direct, and \$17.00 round trip, good going or returning via Washington and the Potomac river steamers. This rate includes steamer transportation.

A special train will leave Lexington on Tuesday, May 3rd, at 4 p. m., reaching Norfolk at 2 p. m. next day. Tickets will also be on sale from May 2d to May 6th, good to return 15 days, with privilege of a further extension of 15 days by depositing tickets with C. & O. agent in Norfolk. The C. & O. has two limited vestibuled trains daily, and is shortest line to Norfolk. For further information address G. W. BARNEY, D. P. A., Lexington, Ky.

During the first week in April, 1896 there were exported from New York 11,018 bales of hay consigned to Manchester, Glasgow and London. For the corresponding week of last year, the exports to the same points were only 7,800 bales.

A Paris, Mo., man purchased 3,000 calves, many of them yet unborn, from the X I T ranch, in Texas, the other day, paying for them \$24 each, delivery to be made December 1 next. The calves are to be all red with white faces. This looks like a big price, but he has them already sold at \$25, making thereby \$3,000 on the deal.

Lexington cattle buyers allege that a spring lamb "corner" is in progress. Mr. T. Green, of the Cincinnati firm of Embury & Green, is said to be the man that is engineering the "coup." It is estimated that there are between forty and fifty thousand lambs in middle and southern Kentucky, and it is said that Mr. Green now owns at least twenty thousand. It is further stated that he will soon get control of about 15,000 of the remainder. Mr. Green is buyer for a New England provision company. He has paid an average price of five cents for all the lambs he has bought.—Danville Advocate.

State Commercial Convention.

On May 11 and 12 there will assemble in Louisville the State Commercial Convention. The object of the convention is the development of the varied resources of Kentucky. The expectation is that there will be more than a thousand representative business men of the State present. Mayor Geo. W. Baird, in response to an invitation from the Secretary to have our city represented, has named the following gentlemen from our city: H. R. French, R. H. Wilm, N. H. Trimble, E. C. O'Leary, J. M. Conroy, John F. King, Lewis A. Johnson, R. G. Kern, Ed. Marshall and Wm. Botte, some of whom have signified their intention to attend. We trust that the industries of our State will be greatly stimulated.

Urged Annexation.

The Senate Foreign Relations Committee held its regular weekly meeting on Wednesday morning. Senator Morgan urged upon the committee the importance of again taking up the question of annexing the Hawaiian Islands. He said the islands were essential to the United States in view of the war with Spain and that no time should be lost in perfecting the treaty. Other members of the committee expressed the opinion that it was impracticable to proceed with the question at present.

They tell this joke in Washington on two of our leading politicians: Some of the knowing ones were discussing the Spanish-American war, and one of the party wanted to know why such a cold, phlegmatic, conservative man as Senator Proctor, of Vermont, was so eager for war. Speaker Reed instantly replied:

"I will tell you; he is a wholesale dealer in timbuctoes."

"And Reed doesn't want war," declared Proctor a few minutes later when told of this matter, "because he is the adjuster of several large life insurance companies."

A Roland for Reed's Oliver with a vengeance. "There is no action of man in this life which is not the beginning of a long chain of consequences as that day human prominence is high enough to give us a prospect to the end."

SHERMAN

Has Resigned As Secretary of State.

Gives Up Public Duties and Retires to Private Life.

Washington, D. C. April 26. The following note was written today by the President in reply to the letter of Mr. Sherman tendering his resignation as Secretary of State:

"Executive Mansion, Washington, D. C., April 26, '96. Hon. John Sherman, Secretary of State—Dear Sir:—Your letter of the 25th instant, tendering your resignation of the office of Secretary of State accepted, and the resignation is accepted."

"I cannot let this occasion pass without congratulating you upon your useful and distinguished career, covering a period of nearly half a century in the public service, and filled with exceptional honor and success."

"Your great service has added lustre to American statesmanship, and will always be gratefully remembered by your fellow countrymen. With cordial good wishes, very truly yours,

WILLIAM McKINLEY.

Queer Ways.

A Chinaman, visiting Europe, was interviewed by the Frankfurter Zeitung and gave his impressions concerning European customs. "They certainly do not know how to amuse themselves. You never see them enjoy themselves by sitting quietly on their ancestors' graves. They jump around and kick balls as if they were paid to do so. Again you will find them making long jumps into the country; but that is probably a religious duty, for when they tramp they wave sticks in the air, nobody knows why. They have no sense of dignity for they may be found walking with women. They even sit down at the same table with women and let ladies be served first. Yet the women are to be pitied, too. On rare occasions they are compelled to appear almost naked before every man who looks at them, and they are dragged around a room to the accompaniment of the most hellish music."
